

Connecting your chromebook at home:

Step 1: Click on the bottom right corner where the clock is displayed

Step 2: Click on the toggle network connection (shaped like a triangle or slice of pizza)

Step 3: Click on home network connection

Step 4: Enter password if needed- if password is correct it will successfully connect to your network

Logging into Google Classroom:

Step 1: Go to classroom.google.com

Step 2: If you have already joined the classroom click on the teachers classroom

Step 3: If you have not joined the classroom already click the plus sign in the upper right hand corner and choose join a class

Step 4: Type in the code that was given to you by your instructor
